LABEX Models

Our family of devices and their personalities

DIGITAL™

DIGITAL™

Labex Digital is the simplest device in our family. It has a single speech button, that can be fully configured and it's great for people that don't need anything else from a device.

Key Features:

- Configurable Speech Button (Volume and Pitch)
- Rechargeable 9Volt Batteries
- +10 Hours of Talking(On every charge)
- Pocket Sized and Durable Body

COMFORT™

COMFORT™

Labex Comfort is the next one in line. With its two separate speech buttons, you have two voices in one hand at the same time! Compact, Durable, and Versatile!

Key Features:

- Two Configurable Speech Buttons (Volume and Pitch)
- Rechargeable 9Volt Batteries
- +10 Hours of Talking(On every charge)
- Pocket Sized and Durable Body

EXTRA™

EXTRA™

Labex Extra is a device on its own. It has a single speech button with pressure-sensitive recognition. So, depending on how hard you press, the sound changes depending on the range it has been configured.

Key Features:

- One Pressure-Sensitive Button(with Volume and Range configurable)
- Rechargeable 9Volt Batteries
- +10 Hours of Talking(On every charge)
- Pocket Sized and Durable Body

LABEX Models
